

AVPS-300SBC

Sound Bender AV Presentation Cart with
80-watt DVD PA & Document Camera

The Buhl Sound Bender is a complete mobile AV Presentation system for the classroom and businesses.

Complete with Wireless PA System, AV Cart and Document Camera, the Sound Bender is the perfect solution for when you need a secure and easy to use mobile presentation system. Designed as an integrated package, all components of the Sound Bender are securely mounted within the steel locking cart. Just add your favorite projector and you're ready to go!

34" Secure powder coated steel cart:

- Patented tilt projector shelf and adjustable interior equipment shelf
- Integrated push/pull cutouts in top
- Locking doors with keyed-alike flush locks
- 19.5" x 15" hinged side shelf also holds door open and uses door as support
- Acoustic lens bends sound back out through the cart equipment door, towards the audience
- Includes 6-outlet power strip with 20' UL-listed power cord
- 34" height
- 163 lbs.
- One Year Warranty
- Ships via truck only on a pallette

Full-featured 80-watt portable PA system:

- Integrated DVD/CD Player with CD, MP3, VCD and CD-G Karaoke support
- Two integrated wireless mic systems with handheld and body-pack transmitters
- Built-in rechargeable batteries for up to 3 hours of continuous PA use
- RCA line in/out, two 1/2" mic inputs and video output
- Talk over function, tone and echo controls suitable for karaoke use
- Easily removable from cart for portable use
- Two 8" full-range speakers
- Includes 110V/60Hz AC power supply

Visual Presenter/Document Camera
